

**LEAVING YOUR KEY FOB IN YOUR VEHICLE IS A GREAT IDEA....**

**....FOR CAR THIEVES!!**

**DO NOT LEAVE YOUR KEY FOB INSIDE YOUR VEHICLE**

Car thieves are aware of this act of “convenience” and will steal your vehicle. Even if you live in a gated community, thieves are now gaining access to private developments and are checking for unlocked vehicles....

If found unlocked, not only can your vehicle be stolen but **Identity Theft** and **home burglaries** can occur once the thief is inside your vehicle by obtaining your personal information....

**BE AWARE** that your vehicle may alert the thief it is unlocked by the position of its side mirrors or the courtesy chime if the key fob is present inside the vehicle....
